

# Cecil County Community Health Needs Assessment (CHNA) Plans Presentation to the Cecil County Community Health Advisory Committee 1.18.18

Daniel Coulter, MPH  
Jean-Marie Kelly, MPH-HP

# Community Health Needs Assessment (CHNA):

- We collect and analyze community health primary and secondary data
- To create a health profile for Cecil County and select priorities for community health improvement
- Requires community collaboration and partner support
- Requires an accompanying improvement plan to get the “To Do’s” done in a selected time frame

# Community Health Improvement Plan (CHIP):

- The CHNA sets the priorities for the Improvement Plan (or CHIP) which executes strategies over a 3-year period (or cycle)
- We've had 2 cycles so far:
  - Cycle 1: FY14-FY16
  - Cycle 2: FY17-FY19 (current)
- We're planning the 3<sup>rd</sup> cycle now (FY20-FY22)

# CHNA/CHIP 3.0

- **Proposed timeline (DRAFT):**
  - **Feb – Jun 2018**
    - Gather data sources, develop survey questions, develop focus group structure, identify key stakeholders for interview, create & implement promotions plan
  - **Jul – Sep 2018**
    - Go live with online survey, schedule & conduct focus groups and interviews with key stakeholders
  - **Oct – Dec 2018**
    - Compile & analyze all data collected
    - Write CHNA Report draft 1

## (Timeline cont.)

- **Proposed timeline (DRAFT):**
- Jan – Apr 2019
  - Present CHNA findings to CHAC & select top 3 priorities
  - CHAC creates strategies for CHIP (1-3 special CHAC meetings)
  - Post CHNA and CHIP drafts for public comment (Apr 1-30)
- May – Jun 2019
  - Revise draft CHNA & CHIP
  - Publish final CHNA & CHIP online by June 30, 2019 (IRS requirement)
