To Whom it may Concern:

We stand behind Cecil County's commitment to provide safe and healthy communities for its residents and as such, we write this letter in support of Cecil County Health Department's application for national public health department accreditation. Cecil County's recently-adopted five year strategic plan is timely and reflects public health and safety as a top priority.

Accreditation will give the Health Department the opportunity to examine its performance and identify areas needing improvement. This process will help to create a culture of continuous quality improvement and ultimately enhance the health services provided to Cecil County residents.

Achieving accreditation will demonstrate that Cecil County Health Department is a high- performing local health department and increase its standing in the community. We commend their efforts and pledge to assist as needed.

Sincerely,

Tari Moore
