

# Pregnant?

**Warning:** Zika is linked to birth defects  
**There is no vaccine to prevent Zika virus infection**

## Protect your pregnancy

### From getting Zika from mosquito bites

#### Daytime is most dangerous

Mosquitoes that spread Zika are aggressive daytime biters. They can also bite at night.

#### Use insect repellent

**It's safe and it works!** Read the label and follow the directions.

#### Cover your skin

Wear long-sleeved shirts and long pants. For extra protection, treat clothing with permethrin.

#### Mosquito-proof your home

Use screens on windows and doors.  
Use air conditioning when available.  
Eliminate standing water.

### From getting Zika from sex

#### Don't have sex

Don't have sex with your male partner during your pregnancy.

OR

#### Use a condom

Use a condom the right way every time you have vaginal, anal, or oral sex during your pregnancy.

#### Talk to your healthcare provider

If you think your male partner may have or had Zika, tell your healthcare provider if you had sex without a condom.
