# What I will cover...

- Youth Leadership Development Programming
- Current Campaigns
- How can young people get involved
- Impact Award

# Youth Leadership Development

---

- We give youth the skills and resources that they need to be leaders in rejecting tobacco, and to empower them to be change agents in their respective communities
- We do this through our truth® Ambassador and Experiential and Mobilization programs

# Experiential Learning and Mobilization Program

---

## What we do:

- Direct youth engagement
- Youth leadership development
- Capacity building for youth adult partnership

## How we do it:

- Delivered peer to peer by Youth Facilitators.
- Designed to be interactive, skills-based, and action-oriented
- Collaboration is key

# Activism Campaigns

## Our Mission

- We Fight The Forces And Impacts Of Addiction To Establish Tobacco And Vape Free Communities.

## Our Goal

- Get Decision Makers to Take Action
- FDA Removes All Flavored Vape and Tobacco Products
- National Park Service Implements Tobacco and Smoke Free Policies in all National Parks

# Mental Health Snapshot

---

First- if you haven't... please visit the [truthinitiative.org](https://truthinitiative.org) website!

1. Mental Health has gone mainstream.
  - a. Youth Familiarity with MH is very different from Youth Comfortability with topic
2. Lingering post pandemic stressors amplify struggles of young people
3. Four in five young people who have used e-cigarettes (81%) said they did so as an attempt to lessen their stress, anxiety, or depression

# How To Get Involved

---

## Mental Health

- We're asking that the White House join us to declare vaping nicotine a mental health issue.

[thetruth.com/mentalhealth](https://thetruth.com/mentalhealth)

## Environment

- Tobacco and Vape products are destructive to the environment. We're urging the National Park Service to make all public lands smoke and vape free.
